

# A20

The new Axis A20 is a classic bowrider with exceptional performance and luxurious watersports features. First of all, we are talking about the famous Surf Gate, Power Wedge III, Plug and Play systems and the unique Surf Band remote control bracelet controlled by the P.S.P. But also about many other technologies, which embodied the latest developments of Axis Wake Research in alliance with Malibu Boats Great wave, unsurpassed maneuverability and ease of control. “The new 2020 Axis A20 is the most attractive price and feature set for those who want to get the most out of the basic package,” said Malibu Boats CEO Jack Springer. “Every detail of the new A20 is meticulously crafted by Axis Wake engineers to achieve the best combination of value and performance.” And they succeed!
