# SOFTNESS

Step beyond the limits and still speak softly, everyone will be listening to the chorus of the waves and the wind. The perennial dance of elements and rules will pause for a second, as soon as you'll make your stand into the future, towards decisions, towards the silence of light.

# DESIRE

The veil of mist that shrouded the great sea begins to dissolve, revealing the salty breeze of a new world, whispering its message. The direction lies in your heart, it's written in gold on a blue sea. Your choice matters.

# THE LINE

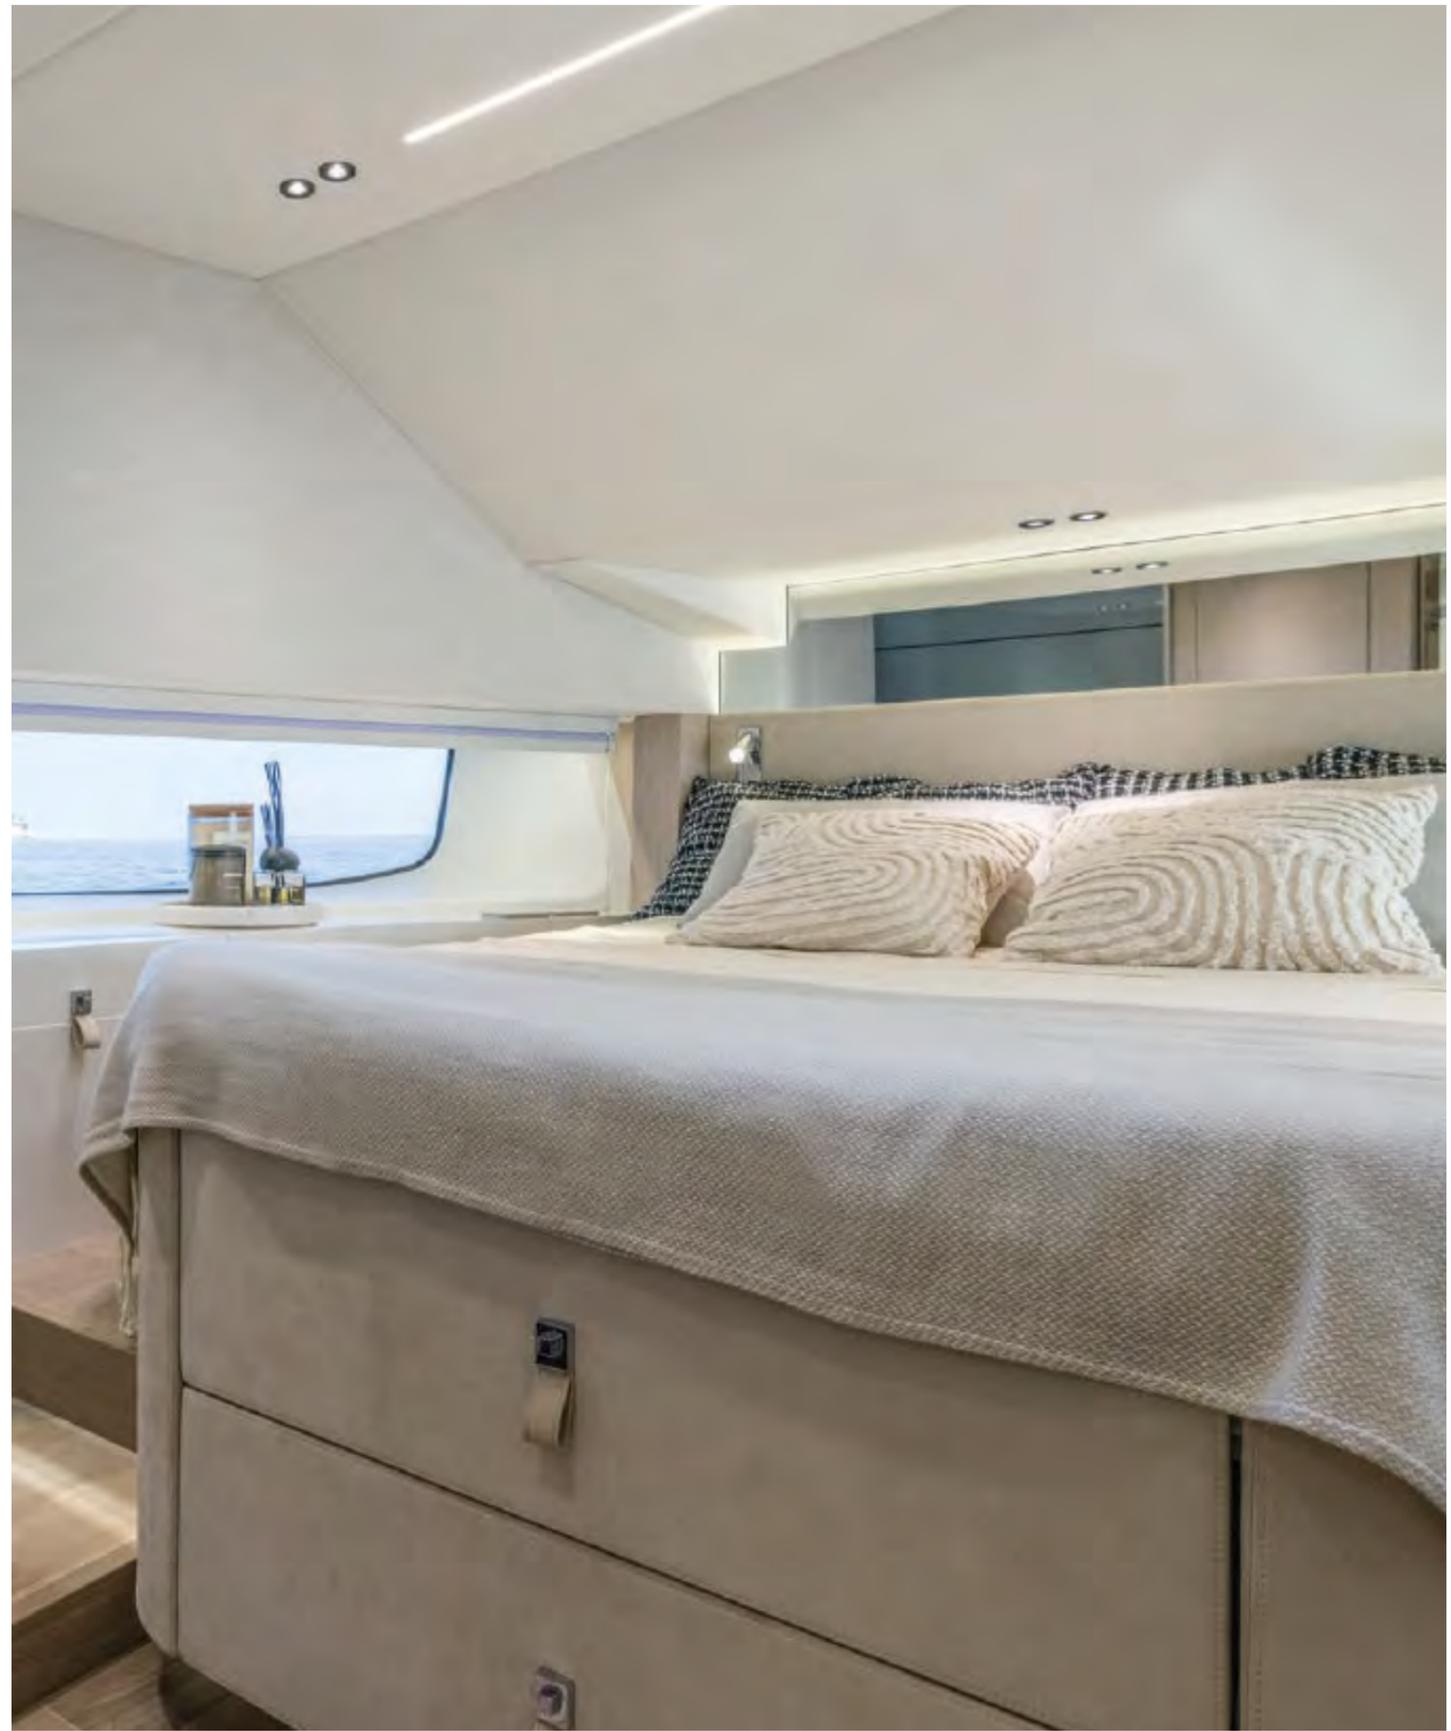

Draw a line between power, gravity, style and grace. Stand out, ride the wind, shout your undisclosed desires out. It's just you, the waves, and the direction. You are free to go in any direction, ignore the noise, ignore what everybody wants you to do. It's only for your eyes and your mind.
